

ROAD TRAFFIC SAFETY STATEMENT

TMO Traffic Highways Ltd, is a traffic management specialist; We provide numerous and complete solutions for the safe and efficient installation of temporary traffic control systems. We provide equipment, site surveys, risk assessments completed by experienced surveyors, safe installation, liaison with local authorities, site maintenance and de-installation after works are completed.

We operate from multiple sites nationwide as well as operate in nominated public locations and customer sites. We understand that our operations include interactions with the road traffic network and we understand that we have both legal and moral obligations to reduce the risks associated with those interactions.

TMO Traffic Highways Ltd is committed to implement a Road Traffic Safety Management System that complies with the requirements of ISO 39001 and will assist in improvements in safety and to work towards the reduction, and ultimately elimination, of the number of deaths and serious injuries in road traffic crashes, that we can influence.

TMO Traffic Highways Ltd will comply with all applicable legislation, regulations and codes of practice and other applicable requirements relevant to its specific business processes and monitor its performance against agreed objectives and targets to confirm continual improvement of our performance and the systems and processes which manage it. These objectives and targets will be communicated across the business to ensure all staff and interested parties are aware of them.
